This page displays the correct fee applicable.

The fee may be a higher amount than the PRICE FROM \$206.29 advertised for the product.

This may be because there may be some discount or voucher that you are not eligible for.

Non-student players who choose worker registration products will still see the student option but should not choose this option as this will negatively impact your insurance cover should you get injured.

Adults players seeking a tertiary student discount should ensure you choose the relevant student product rather than the worker product and also tick the tertiary student box to get the full student pricing
